DETAILED ACTION

Attachment to Advisory Action

Continuation of 2 NOTE: Amended claim 1 recite new limitations, i.e. substantially all proteins or peptides, require further consideration and a further search.

Furthermore, the recitation of the term "substantially" in claim 1 raises a new 112 2nd issue because it is unclear what is considered to be substantial. There is no definition or guidance provided for the term in the specification. See deficiencies found throughout the claims.

Continuation of 5 NOTE: because: of reasons set forth in the previous rejections. Further, applicant arguments are directed to the new issues, which will not be entered and considered.
